

THE SIERRA SEARCHLIGHT

March 2011

Volume 2, Issue 3

MONTHLY MEETING

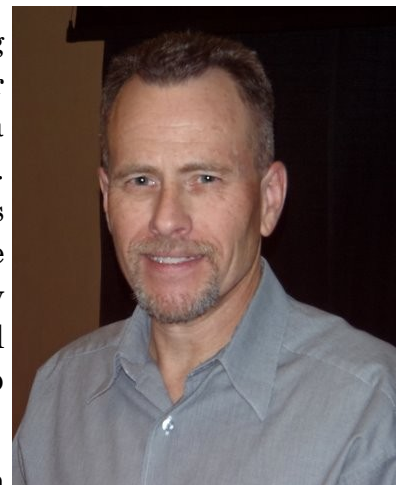

Will be held
Wednesday
April 6th, 2011
at the Atlantis

Our guest Speaker
will be

Please remember
to RSVP to Darrell
Clifton

Guest Speaker—Bruce Lazarus

March's missing person, or even a missing pet. The service is a tool that be used by any one and membership cost nothing.

AlertID is a unique web based community service that notifies members of events in their neighborhoods.

The service links members to emergency departments, neighbors and family to provide two way communication between these groups in the event of an incident, natural disaster,

AlertID can send alerts to phones or e-mail regarding the type of events the member selects. Additional information or details on the event are provided by contacting the agency, such as law enforcement, or is supplied by other members of AlertID. When an event is noticed the members of the community can post additional

information they may have or send requests for additional information from other community members

To find out more contact Bruce Lazarus at Bruce@Argus-Holdings.com or on the Alert ID website at

**Chairman Darrell
Clifton, CCP**

Chairman's Corner—Dean Hill

We received some great news this month. Our chapter has won the Roy Bordes award. Roy Bordes was a security professional who helped shape our industry for more than thirty years. Starting out in Law Enforcement and then as a DEA agent, his true value to our profession was realized after founding the Bordes group. He was a teacher, a mentor, and had the skill and

insight to distinguish passing technologies from those that would really improve what we do every day. Many attendees to the annual ASIS seminar would look to Bordes for his insight and expertise to critique the vast array of new technologies that show up every year. The Bordes award was established in 2007 to honor his expertise. He died in 2008.

The Bordes award provides to one chapter an educational training session of their choosing for free! The training includes two days of instructor fees, their travel and accommodations, and materials. This training on physical security is usually advertised as costing about \$1200 per person and we will get to host it free, making any revenue for the chapter. As

you know. Jay Martin, CPP and Mark Crosby worked very hard on researching the criteria, investigating the previous winners, and creating and submitting the application that ultimately won the award for 2011. Martin and Crosby (Not Dean and Bing) are commended for taking the time and applying their expertise in making this important chapter objective and making it a reality.

Winning the award provides the money, but there is still much work to be done to make this training program a success. Please contact Jay or Mark directly if you would like to participate in the production of this event.

Al Zajic, CPP is also busy working on the early stages of an idea for acknowledging security officers and companies similar to the way we honor

police officers. This is another great idea that puts the chapter's objectives to work. Please provide your support to Al and his working group as they get this program up and running.

See you all at our next meeting on April 6th.

**Thank
You**

CONGRATULATIONS ON WINNING THE ROY BORDES AWARD

The Roy Bordes Award for Physical Security

ASIS Northern Nevada Chapter Captures the 2011 Roy Bordes Physical Security Award

The 2011 [Roy Bordes Physical Security Award](#) was presented by the ASIS Foundation to ASIS Chapter #164 - Northern Nevada. The award, presented annually to an ASIS chapter, provides up to \$5000 to cover the fees, travel, accommodations and expenses for two instructors to lead a physical security education program locally.

"Our goals for this year were to increase membership and participation," commented Chapter Chair Darrell Clifton, CPP, "To reach this strategic goal, we are working to improve our educational offerings." Clifton believes this award will go a long way to support the chapter in reaching these goals and credits the win to the hard work and dedication of

Jay Martin, CPP, and Mark Crosby—both of whom were instrumental in putting together the winning application.

Martin was extremely pleased with the win, noting that 2011 marks the chapter's 25th Anniversary. "We will leverage our extensive network in the Reno area, as well as the Northwestern U.S. to deliver a first-class physical security program applicable to a wide-range of security professionals," explained Martin. Martin and others within the chapter will begin developing the curriculum, which is planned to be highly interactive program presented in a case study format.

PROPOSED LEGISLATION

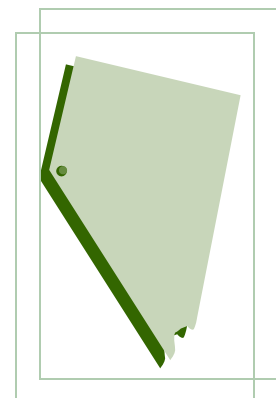

Assembly Bill #293 Has gone before the Nevada assembly and the outcome is not yet known, but it may be of interest to members because it cause business to be required to submit evidence that may be used against them in the event of a death or injury— it could also prove to protect business as well.

From the Legislative website-

SUMMARY—Requires a person who owns or controls the premises on which an injury or death allegedly occurred to produce certain evidence under certain circumstances. (BDR 3 -1038)

CPP® REVIEW

1. Which of the following is not an approved UL record safe classification:

- a. 350-4
- b. 350-3
- c. 350-2
- d. 350-1

2. The acceptable vault construction of insulated doors is a minimum reinforced thickness of:

- a. 12"
- b. 10"
- c. 8"
- d. 6"

3. Which of the following would be an acceptable computer media storage classification?

- a. 350-4
- b. 450-4
- c. 250-4
- d. 150-4

4. UL classified safes must be

anchored to the floor or weigh at least:

- a. 750 lbs.
- b. 1,000 lbs.
- c. 1,250 lbs.
- d. 1,500 lbs.

5. A "relock" on a vault automatically stops the bolt mechanism from operating when:

- a. A switch is flipped
- b. A timer is used
- c. When there is an attack on the door or combination lock
- d. Locked by remote control.

6. Security vaults differ from safes that:

- a. They are tested by Underwriters Laboratories for burglary resistance
- b. They do not have both fire and burglary resisting properties.
- c. Steel is used

d. They are permanently affixed to the building.

1. The weakness of the burning bar as a burglary tool is:
- a. It will not burn through concrete
 - b. Produces large volumes of smoke
 - c. Actual heat is not intense enough
 - d. It requires tanks of hydrogen

2. Which of the following is not correct with regard for safes:
- a. UL classification labels are removed from all safes exposed to fires
 - b. Record safes are designed to resist fires only
 - c. Money safes have accredited fire

resistance

d. Quality equipment should be purchased only from reputable dealers

3. The symbol "TRTL" indicates:
- a. Safe is resistant to torches
 - b. Safe is resistant to tools
 - c. Safe is resistant to torches and tools
 - d. Nothing pertaining to torches or tools

4. Illumination intensity minimums for lighting of the perimeter of a restricted area is:
- a. 0.15 foot candles
 - b. 0.40 foot candles
 - c. 1.00 foot candles
 - d. 2.00 foot candles

4. Illumination intensity minimums for lighting of the perimeter of a restricted area is:

5. The temperature at which paper may be destroyed is:
- a. 200° F
 - b. 250° F
 - c. 300° F
 - d. 350° F
6. Electronic process media can begin to deteriorate at:
- a. 100° F
 - b. 125° F
 - c. 150° F
 - d. 200° F

Alan J. Cross Award	Pays for 20 members to attend ASIS certification review course of their choice. One entry per Chapter. Submit applications to Chapter Chairperson, Jay Martin.	1-Dec-2011
W.H. Brownyard Award	Any person who performs a line-level security function, either as a contract or proprietary guard, is eligible for this award. Nominations must be submitted by a supervisor.	Suspended in 2011.

MEETING MINUTES - CONTINUED

(Continued from page 11)

Darrell then congratulated on his being named as ASIS International’s Council Chairman of the Year. Zajic then proposed a committee for an annual Security Officer of the Year (SOY) event to be held separate from the annual Law Enforcement Appreciation Day event. There was some discussion as to whether the SOY event should be held in conjunction with the LEAD event, or completely separate from the LEAD event, and several members offered to assist in the project. It was ultimately determined that a final decision

would be put off until at least next months chapter meeting.

At 1245 hours Darrell introduced the Guest Speaker, Bruce Lazarus, who spoke about a new national program called AlertID. Mr. Lazarus concluded his presentation at 1320 hours.

Bob Nichols thanked Mr. Lazarus for his presentation and then thanked Dean Hill for the door prizes he had provided. Bob then conducted the door prize raffle and concluded the meeting at 1330 hours.

***NOTES:**

Meeting Minutes

ASIS CHAPTER 164 MARCH MEETING MINUTES

Chapter Chairman Darrell Clifton called the meeting to order at 1215 hours, followed by the Pledge of Allegiance, and individual introductions. Darrell reminded members of the dues requirements for both the local chapter level and the ASIS International level and encouraged any members who had not yet paid their dues to do so soon.

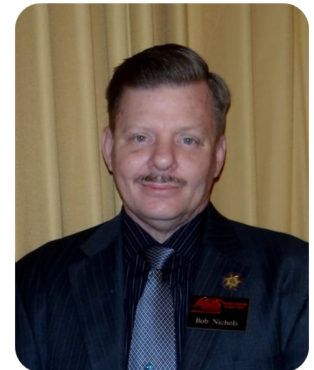

Jay Martin then spoke on possibilities of ASIS 164 hosting a Physical Security Program and about applying for a possible award for an available public-private partnership award, as well as applying to ASIS International for our annual opportunity to send one member of the ASIS Chapter 164 to the 2011 ASIS International's annual seminar this September in Orlando, Florida. Jay asked that interested members speak with him near the end of the meeting.

Chapter Treasurer Jesse Janzen then encouraged chapter members to contact him with any questions about paying their dues. Janzen also asked that the chapter membership determine whether the chapter audit should be done on a quarterly basis or on a lesser schedule. After group discussion it was determined that the chapters financial records would be audited on a quarterly basis and two volunteers – Ken Lightfoot and Jerry Devore volunteered to assist with the audits. Janzen then discussed advertising revenue reviews for the chapter newsletter and was advised by the chapter Newsletter Editor, Jennifer Andress, that an advertising price had been established for 2011.

Darrell Clifton then asked for motions to approve the Treasury Report which was approved by Ken Lightfoot and seconded by Dean Hill. Darrell then asked for motions to approve February's Minutes which was motioned by Dennis Smith and seconded by Jesse Janzen. Both motions carried by unanimous consent.

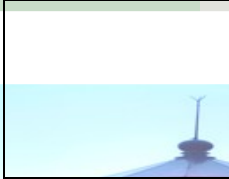

Darrell then explained to the chapter members the pending ASIS Regional Chapter Officers Training being held at Circus-Circus Reno on April 4, 2011 and suggested that Chapter 164 authorize \$400 towards this event. Dean Hill called for a motion which was seconded by Robert Reeder and the motion was also carried by unanimous consent.

Ken Braunstein then covered current state legislative issues pending. Ken briefly discussed SB 81, AB-153 and AB 156, as well as some proposed changes to Nevada CCW laws.

Chapter Secretary Bob Nichols
